

ASSEMBLY BILL

No. 540

Introduced by Assembly Member Firebaugh

February 21, 2001

An act to amend Section 89706 of, and to add Sections 69504.5 and 76140.1 to, the Education Code, relating to public postsecondary education.

LEGISLATIVE COUNSEL'S DIGEST

AB 540, as introduced, Firebaugh. Public postsecondary education: residency.

(1) Existing law establishes various state-authorized student aid programs, including the Cal Grant Program and the Assumption Program of Loans for Education, that are administered by the Student Aid Commission and available to eligible students attending segments of postsecondary education in the state.

This bill would require that, notwithstanding any other provision of law, a person meeting the requirements set forth in (2) below shall be deemed to meet any and all residency requirements with respect to eligibility for these student aid programs.

(2) Existing law establishes the California Community Colleges under the administration of the Board of Governors of the California Community Colleges. Existing law authorizes the establishment of community college districts under the administration of community college governing boards, and authorizes these districts to provide instruction at community college campuses throughout the state. Existing law authorizes community college districts to admit, and charge a tuition fee for, nonresident students in accordance with specified criteria.

Existing law establishes the California State University, and authorizes the operation of its various campuses under the administration of the Trustees of the California State University. Existing law authorizes the trustees, on the basis of demonstrated financial need and scholastic achievement, to waive entirely, or reduce below the minimum rate, the tuition fee of a nonresident student, as defined.

Existing law prescribes residency requirements for students at public institutions of postsecondary education, including, among others, the campuses of the California Community Colleges and the California State University. With respect to alien students, existing law specifies that an alien, including an unmarried minor alien, may establish his or her residence unless precluded by the federal Immigration and Nationality Act from establishing domicile in the United States.

This bill would require that a person, including an alien precluded from establishing California residency because of federal law, who has attended high school in California for 3 or more years, who has graduated from a California high school, and who continues his or her education at a California institution of higher education within one year of high school graduation or on or before January 1, 2002, be exempted, under specified circumstances, from paying nonresident tuition at the California Community Colleges and the California State University. The bill would request the Regents of the University of California to also exempt these persons from paying nonresident tuition.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.
